Tracking and exposing fascists, rapists, and sexual abusers.

Howard Goodloe Sutton, Publisher of Democrat-Reporter: Racist, Anti-Semitic KKK Supporter

Howard Goodloe Sutton is the publisher, editor, and owner of the small newspaper Democrat-Reporter, which he operates in his current city, Linden, Alabama. He made national headlines back in February 2019 when he wrote an editorial [titled Klan Needs to Ride Again](#), in which he

advocated for the lynchings of Democrats and Democrats in the Republican party who were plotting to raise taxes. This is only the most recent controversy surrounding Sutton. He's had a long track record of penning inflammatory, racist, and bigoted posts. For instance, in 2014 [he defended Hitler and the anti-Semitism of the Nazis](#), as well as [spewing racist drivel](#) toward Blacks and Muslims. He also has a long history of anti-Semitism and spewing Nazi-era propaganda targetting Jews, as well as [calling](#) for the extrajudicial killings of Socialists and Communists.

Interestingly, Sutton [gained acclaim](#) and was inducted into the Hall of Fame of the School of Journalism and Mass Communication in 2007 for reporting on corruption in the Marengo County Sherriff's Office. Let's examine some of his behavior and reveal him as an Alabamian fascist.

Timeline of Racism

- 2019: As stated above, [most recently](#), Sutton has come under fire for his remarks about the "return" (as if it ever went away) of the klan and the lynching of politicians who are raising taxes. He clarified in a later interview that, "We'll get the hemp ropes out, loop them over a tall limb and hang all of them." As a result of this, he was removed from the University of Southern Mississippi's School of Mass Communication and Journalism's Hall of Fame. Auburn University's Journalism Advisory Council also voted to revoke Sutton's community journalism award.

Additionally, it resulted in the resignation of Elecia Dexter, who is a Black editor and who was appointed as the publisher in late February of the Democrat-Reporter. Her resignation came after interference from Sutton and articles that were published without her authorization containing false information about reporter Melissa Brown of the Montgomery Advertiser. In a moment perhaps of revenge and irresponsibility, Sutton [attempted to doxx Dexter](#) later by releasing her email and phone number, putting a Black woman at risk of violence or worse in an already racist state.

Klan needs to ride again

Time for the Ku Klux Klan to night ride again.

Democrats in the Republican Party and Democrats are plotting to raise taxes in Alabama.

They do not understand how to eliminate expenses when money is needed in other areas. This socialist-communist ideology sounds good to the ignorant, the uneducated, and the simple-minded people.

People who do not understand the constitution do not like to be responsible.

Slaves, just freed after the civil war, were not stupid. At times, they borrowed their former masters' robes and horses and rode through the night to frighten

some evil doer. Sometimes they had to kill one or two of them, but so what.

This is the same so what used when Democrats got us into World War I and World War II. Then they got us fighting in Korea. Next when the industrial north-east wanted more money, they got us in the Vietnam war, and now into the Middle East war.

If you haven't noticed, they did away with the draft so their sons would not have to go into battle.

Seems like the Klan would be welcome to raid the gated communities up there. They call them compounds now.

Truly, they are the ruling class.

- 2018: In September, [he wrote an editorial](#) that alluded to the anti-Semitic conspiracy theory of Jewish ritual sacrifice, criticizing people “who make football a religion with human sacrifices,” then claiming that “Gentiles trying to act like Jews is ridiculous.” The same editorial is filled with racism toward Blacks while bemoaning “anti-white” racism aimed at Trump. Particularly, “anti-white” racism is a narrative that’s furthered in alt-right circles, particularly in Identity Evropa/American Identity Movement. In the same year, an editorial was published that stated, “the Democrats loved war as long as it lined the pockets of the Jews who run America.” And: “If the Jews would read their own history, they could predict that God is going to let someone clean them out, again.”

Need cotton pickers

Seeing what happens in other parts of this country stirs our curiosity.

When Donald Trump began scoring huge primary wins, we thought Republicans everywhere would be proud.

Next thing we hear are scathing attacks on the rich guy who is not depending on any big corporate money to finance his campaign.

These corporate people were more recently revealed as the “establishment” which runs America.

Before these revelations, there were hints of the Nazi swastikas in the back-grounds of Trump’s campaign.

We had heard no anti-semitic rhetoric from Trump or any of his staff. So why are we calling a genuine successful Yankee from New York a Nazi?

Theorizing what this may mean to the **Jews** in America and around the world, we could come up with a few ideas.

Maybe, the establishment has some **Jews** in it who don’t want any changes in the laws governing money changing along with the Gentiles who lust only after a dollar.

Or, maybe the establishment is trying to stir the **Jews** against Trump because Trump has repeatedly said he would bomb the hell out of the Arabs. That means the Muslims who want to destroy all the **Jews** would be the Arabs he is going to bomb.

The establishment has sent its wimps

plain-spoken Trump. These are the people that Trump likes.

With no need for donations from people who want to control him, Trump says what he likes, even that Carly Purina’s face is odd.

After he saw how Hillary Clinton wrangled a bunch of super delegates, Trump pitched a fit about Colorado politics, and this set the commentators off. They railed that those rules were in place years ago.

Notice that Trump did not mention how long the rules had been in place, only that they were not fair.

This weirdo wants fair rules in politics?

Relate local drug dealers to the wall that Trump wants to build on the Mexican border. The flow of illegal drugs will be shut completely down, almost.

Bill Clinton increased penalties for drug dealers. Obama is turning them loose. Clinton told “Black Lives Matter” protestors that they were fighting against the people who were stopping the killing of blacks.

What’s her names calls this “mass incarceration” of black youths.

When the wall happens, the price of crystal meth, crack cocaine, marijuana, and whatever that other stuff is will sky rocket.

Trump isn’t playing that on his fiddle but it is there.

Obama robs veterans of all wars

Veterans returning from the Middle East wars are being robbed by Barack Obama’s administration.

Obama should be impeached immediately. Retroactively would be better.

Because he is half white and half black, none of the do-good members of congress want to fool with impeaching him. They whisper that they might be called racist if they do what they were elected to do.

America needs a pulling guard to block down the defense of Obama. He needs to be taken out of the game now!

in South Korea.

Now we have some Kenyan running wars in Afghanistan, Iraq, and soon to be fighting Syria, North Korea, China, and Russia.

He is a Democrat, too. The ultimate Democrat was Franklin Delano Roosevelt. He teamed up with the **Jews** to sell arms to Germany and England and America, too.

History tells us the Democrats loved war as long as it lined the pockets of the **Jews** who run America.

They don’t care about Christian Americans. They

Who is not afraid of the black bloc leaders like Al Sharpton, Jeremiah Wright, Alvin Holmes, Freddie Armstead, Jesse Jackson, and Hank Sanders?

There are at least two in America who are not afraid of them. We join Sarah Palin in denouncing racism from either blacks or whites.

Some of the monied Republicans are hinting they'd like Mitt Romney to run for president again. That would be a boot. He is a whimp!

We want a real man or woman, not politically correct Ivy Leaguer nor a socially correct egotistical fanatic like John Kennedy.

President Dwight David Eisenhower had 35 military advisers in South Viet Nam when he left office. Before Kennedy was assassinated, he had shipped 35,000 Americans to South Viet Nam but he didn't give them any bullets. Then the soused Democrat Lyndon Baines Johnson sent 350,000 military personnel to South Viet Nam to fight a war that America could not win.

Democrat Harry Truman had done the same thing

care about the banks around the world and how much money they can deposit in those banks.

If the Jews would read their own history, they could predict that God is going to let somebody clean them out, again.

Local Christians read the propaganda on how Israel is "scriptural." Those of them who can read need to study the Old Testament. The end of the world may be closer than they think.

It is their world which will be destroyed, not the whole planet.

Our Muslim leader has let our Christian soldiers die and rot rather than run the Veterans Administration hospitals properly.

Maybe God will destroy or allow all the Muslims to be destroyed, too.

Probably, He will leave remnants of both camps to continue to fight each other.

Gog and Magog will be hot at it soon enough.

They will take care of their soldiers after the war, or Armageddon.

- 2016: Continuing in his anti-Semitic Nazi-era propaganda, he made stereotypes of Jewish financiers in order to accuse the "establishment" of agitating against Trump because "the establishment has some Jews in it who don't want any changes in the laws governing money changing."
- 2014: In another editorial, he stated, "to not put Hitler and Eichmann in context is a sin of omission. Why did they want to rid Germany of Jews? Go read German history after World War I."
- 2012: Sutton described Obamacare in another editorial as: "more and more like a muslim [sic] plot to wreck America." In the same issue, there's a graphic displayed that, given the tone and history of the Democrat-Reporter so far, appears racist and condemning toward Blacks. Instead of discussing the fundamental and systemic racism that oppresses Black people in society, it appears to be having a go at them and painting them as lessers in society.

Obamacare is too intimate

Obama care is full of literal bull manure and the Republicans who can read did not bring this out in the presidential election. The Democrats in Congress only follow the lemmings' lead over the fiscal cliff. This appears more and more like a muslim plot to wreck America.

Mitt Romney was too shy or too afraid to address this and that's why more Republicans than ever didn't vote. Or, we may be in error. Maybe Mitt didn't know, which is all the more reason not to vote.

After talking with Dan England, the Republican who was elected to the Marengo County Commission, we have determined he knew little about county politics and was abruptly surprised to find out what really works in this county.

He vowed he would not take Freddie Armstead's word for anything, nor would he support any motion by Armstead until he got a complete and full understanding of all the ramifications of what Armstead is

promoting.

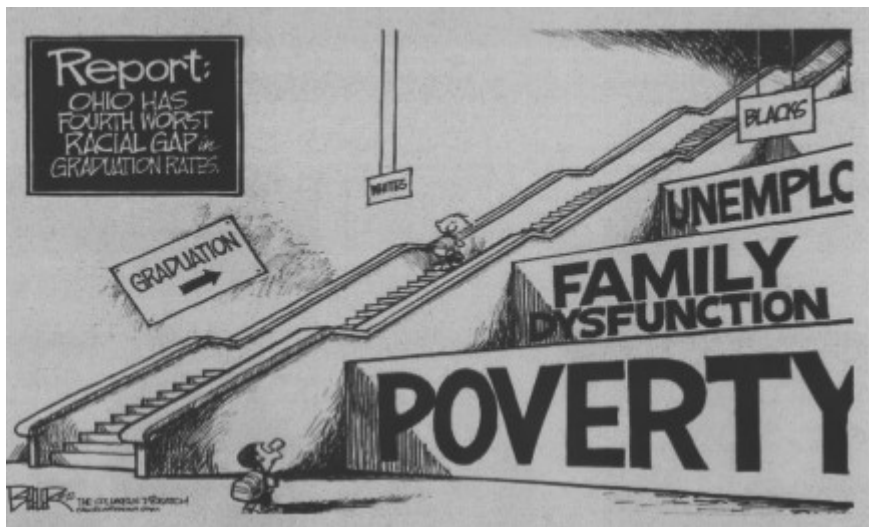

Look for the other Democrats to close in on him and pressure him to do something against his principles.

We say it is simply too bad Newt Gingrich didn't get the Republican nomination for president. He would have fought hard against the Democratic Party's give it all to the voters who cast Democratic ballots.

Romney knows nothing about this because he is a Democrat at heart.

That, too, is why the Republicans lost the White House. You betcha Sarah Palin would not have let Obama sleep at night with her common sense approach to government.

Soon, we all will have to document bowel movements to satisfy the Democrats. So, folks, give them your best.

Alabamian Fascist

The bigotry that's rampant in Sutton isn't isolated racism in a vacuum. He states sympathy for Hitler and repeats the same racist and anti-Semitic Nazi-era propaganda and he has painted the klan as an alright kind of organization that wasn't *that bad*. He hates the Jews, people of color, and people of LGBT+ communities, and he's stated that he's pro-lynching of political opponents. Sutton is a typical fascist who had a hateful platform through which he advocated for bigotry. This has caused him to be deplatformed in multiple arenas and he has perhaps retaliated against a Black woman, with whom he worked, by trying to doxx her. Well, surprise, surprise, Mr. Klan and Hitler Supporter; *hate has consequences*. Here's his full doxx.

Sutton is 80 years old, living in Linden, Alabama. He has a PO Box: Po Box 480040 Linden, AL 36748-0040; and he is believed to live at 121 Old Thomaston RD Linden, AL 36748. Possible phone numbers are: (334) 813-7224 – Wireless; (334) 295-8448 – LandLine; (334) 295-5224 – LandLine.
